### Event Description

Since 1989, the mission of the ICIN series of conferences is to provide an international technical forum for experts from industry and academia to exchange ideas and present results on evolving communications networks and services. The conference program is set up by an independent Technical Programme Committee consisting of experts representing a wide variety of industry, academic, government and enterprise players. The 209 edition attracted delegates from various countries, firms and functions.

Industry Experts and Decision Makers

Director/CxO.....	29%
Research/Design Engineer.....	38%
Product Manager.....	3%
Systems Architect/Project Manager.....	13%
Marketing/Sales.....	4%
Consultant/Analyst.....	13%

Embodying the Full Value Chain

At ICIN 2019, the driving theme is **“Network AI and Zero-Touch Communication Systems”**: we focus on the challenges related to the integration of analytics and orchestration solutions, enablers and methods, into automatic and autonomic service delivery and network management and operations. The conference will foster presentation of novel approaches and technical solutions, as well as experimental validation and proof of concepts.

The main technical program of ICIN 2019 will be complemented with keynotes, panel, workshops and demo sessions.

### Patronage Packages

Four levels of patronage with benefits are provided to promote your company among international experts and conference attendees. The ICIN 2019 Patronage Chair will work with your company to tailor these patronage packages to maximize the value of the patron opportunity to your circumstances. In addition, there is the opportunity to sponsor particular conference events such as the ICIN 2019 Banquet, the Welcome Reception, and the Social Event.

As a Patron, your company also becomes eligible to complimentary registrations to the conference, depending on the patronage level.
