Event Description

The ICIN conference, established in 1989 and praised for the high quality of its technical program and richness of its social networking, is also recognized for its continuous adaptation to emerging technical trends.

the 25th Conference on Innovation in Clouds, Internet and Networks (ICIN 2022) will be held from March 7 to 10, 2022 in Paris, France.

For the 2022 edition, ICIN is focusing on the move towards “NextG” and the upcoming 6G that is clearly up-to-the-minute and probably happening faster than expected now that initial 5G deployments are a reality. The need for ambient connectivity at the network edge requires novel thinking and the already engaged convergence between Network, IT and Cloud systems is still an enabler for efficient cooperation between all network technologies (wireless, optic, satellite, IoT and low-power, etc). These tendencies are aligned with the growing adoption of cognitive approaches for management and control, as well as for specific services at the edge and at critical technical domains using highly optimized deployment models in terms of resource and energy use.

Considering the many challenges that the aforementioned paradigms and technologies will bring, the theme for ICIN 2022 is:

“Paving the way to an inclusive and sustainable 6G”

The conference will foster discussion about new ideas and novel approaches for future 6G networks and services and their enabling technologies and mechanisms in the emerging scenario of immersive connectivity, security and intelligence. With this vision, the conference will look beyond the current state of the art and promote the advances of network of networks with control and management approaches that foster reliability and optimality for applications and services that leverage societies and business.

The main technical program of ICIN 2022 will be complemented with Tutorials, keynotes, panel, workshops and demo sessions.

Patronage Packages

Four levels of patronage with benefits are provided to promote your company among international experts and conference attendees. The ICIN 2022 Patronage Chair will work with your company to tailor these patronage packages to maximize the value of the patron opportunity to your circumstances.

As a Patron, your company also becomes eligible to complimentary registrations to the conference, depending on the patronage level.

Level	Fee (EUR)	Benefits Include
Platinum	EUR 5,000	<ul style="list-style-type: none">Two complimentary full registration including main conference, workshops, tutorials;

25th Conference on Innovation in Clouds, Internet and Networks (ICIN)

March 07-10, 2022

Paris, France (Hybrid Conference)

		<ul style="list-style-type: none">• Naming of your company at the opening and closing to highlight the patronage;• Company logo on conference website, with link to company's website;• Company logo prominently displayed during the virtual conference in Whova application.
Gold	EUR 4,000	<ul style="list-style-type: none">• One complimentary full registration including main conference, workshops, tutorials;• Naming of your company at the opening and closing to highlight the patronage;• Company logo on conference website, with link to company's website;• Company logo prominently displayed during the virtual conference in Whova application.
Silver	EUR 3,000	<ul style="list-style-type: none">• 50% discount on one full registration;• Company logo on conference website, with link to company's website;• Naming of your company at the opening and closing to highlight the patronage;
Bronze	EUR 2,000	<ul style="list-style-type: none">• Company logo on conference website, with link to company's website;• Naming of your company at the opening and closing to highlight the patronage;
